OGDEN CITY, UTAH TUESDAY EVENING, NOVEMBER 16, 1920.

Quite often the most interesting news of the day is to be found in the want-ad section.

LAST EDITION—4 P. M.

## SCRAP ON BETWEEN U. S. AND WESTERN UNION

### Girl Charged With Murder Flees With Sweetheart

KNOXVILLE, Tenn.—Detectives throughout the United States and Canada are searching for Maud Moore, 24, and her sweetheart, Martin Hunter, shown here. The girl is under indictment for first degree murder and Hunter has been indicted as an accessory. Miss Moore was once tried and convicted of the murder of Leroy Harth.

### LEAGUE TAKES NO ACTION ON S. A. DISPUTE

Mistaken Fear That U. S. Will Consider Such Action as Encroachment

GENEVA, Nov. 16.—(By the Associated Press.)—All danger that the assembly of the league of nations may encroach upon the Monroe doctrine by considering American questions in the absence of the United States has been averted by the withdrawal of a request by Bolivia and Peru for revision of treaties with Chile. Their requests were withdrawn yesterday, after having been Bolivia's purpose to gain access to the sea, and Peru's to secure reconsideration of the vexing Tacna question. It is not expected that any other American questions with dangerous possibilities will come before the present session of the assembly.

**WANT U. S. MEMBER.**

It is reported that South American delegates have agreed the league of nations should do all it can to get the United States to become a member nation. Argentina is regarded as a strong candidate for representation of the council of the league, the four elective members of which will be chosen by the assembly after receiving the report of the committee on general organization.

The report of the council on the work that had been done since the league was organized was taken up by the delegates after some preliminary matters had been disposed of, chiefly completion of organization of the committee.

**U. S. NOT WORRIED.**

WASHINGTON, Nov. 16.—(By the Associated Press.)—Consideration of the Tacna-Arica dispute between Chile and Bolivia by the league of nations would not be regarded by the American government as an encroachment of the league on the Monroe doctrine, according to state department officials. When the announcement was made that the question had been referred to the league considerable satisfaction was expressed by administration officials as a settlement of the long standing controversy has

### Allies Shocked By Results In Greece

## Call Hoover Into Labor Confab

### VENIZELOS TO LEAVE GREECE AFTER DEFEAT

George Rhalis, Former Premier, Declines Invitation to Form New Cabinet

### ELECTION UNPLEASANT SURPRISE FOR PARIS

Result Does Not Make Certain Return of Former King Constantine

PARIS, Nov. 16.—Reports that Premier Venizelos, of Greece, is to leave the country after the election held on Saturday, came as an unpleasant surprise to Paris. Newspapers here agree that England and probably France will forbid the return of former King Constantine to Greece.

Most newspaper writers fear the result of the election, if it brings about the fall of Venizelos, will still further complicate the already difficult situation in the Near East.

Great Britain and France, it is indicated, will act together, but will await some indication of Constantine's intention to return. Should that be manifested they will then do whatever may be necessary.

It was declared today at the foreign office that France would take all possible steps to keep the ex-king off the throne.

The question of the return of the former King Prince George had not yet been raised, it was added.

"The defeat of Premier Venizelos," a foreign office statement said, "may be taken as a display of gross ingratitude for the man who brought the country to the allies' side and greatly increased its size, power and influence and the view is shared by the allies. It was a great shock to the allies."

### VENIZELOS TO LEAVE

ATHENS, Nov. 16.—Premier Venizelos resigned early today and Admiral Kondoriotis, the regent of Greece, has sent for George Rhalis, to whom, it is expected, will be entrusted the formation of a new ministry.

The complete victory of the opposition seemed almost certain last night, although final results were still lacking. Even leaders of the elements opposed to Premier Venizelos in the elections held on Saturday were surprised by the showing their candidates had made in Saloniki and Attica.

It is said M. Venizelos will leave the country and he has advised Liberals to abide by the verdict of the people.

Demetrios Gounaris, leader of the opposition, has declared that the policy of Greece will not be changed.

### COMPLETE DEFEAT

Latest returns from the election give the supporter of M. Venizelos 118 deputies against 256 royalists. M. Venizelos and all but two of his ministers have been defeated. The royalist candidates were elected in Greece and Macedonia, with the exception of Epirus and the Aegean islands.

Two persons were killed by shots fired from houses facing the foreign office yesterday. It was declared that reactionary elements were responsible for the firing. Armed police rushed to the scene and a lively fusillade resulted. Further trouble was feared last night.

### RHALIS 80 YEARS OLD.

LONDON, Nov. 16.—George Rhalis, 80 years old, former Greek premier and minister of finance, has been asked by the regent to form a cabinet succeeding that of Eleutherios Venizelos, which resigned this morning.

Reuter's dispatch from Paris says: The house at Athens has been closed because of the fear of a panic, it is said.

### RHALIS REFUSES.

PARIS, Nov. 16.—An Athens dispatch received here this noon said George Rhalis had refused to form a cabinet and that it was believed former Premier Gounaris would head the new government.

In unofficial Greek circles here it is said the defeat of Premier Venizelos in Greece would no longer be considered a victory for the Germanophile party. Greek officials assert that defeat would come on purely home political issues and not on the international foreign policy, the revolution and the necessarily strong wartime government methods which have adversely affected the interests of many persons.

Greeks here asserted that it would appear probable if Venizelos was defeated that there would be a business cabinet formed without political color to offer on current affairs until the chamber of deputies could decide on the government policy. It was pointed out that the opposition, unlike the government, is not a solid party but is split into five or six groups of which the Germanophiles are but one and that it would be a difficult task to form from the opposition a majority party. It was added that there was a possibility that if none of these groups could obtain a certain predominance the chamber of deputies might be dissolved and necessitate a new election.

### THESE FARMERS HOPE TO BUST THE MIDDLEMAN

KANSAS CITY, Mo., Nov. 16.—Establishment and extension of co-operative sales agencies to eliminate the middleman in the marketing of farm products was one of the principal subjects on the program of the convention, of the National Farmers' union which opened here today. Delegates from twenty-eight states were present. The organization directs a co-operative farm business aggregating \$500,000,000 annually and represents more than eight hundred thousand farmers.

### FRANCE GLOOMY OVER DEFEAT AT SEBASTOPOL

French Admiral Threatens Reprisal If Bolsheviks Commit Outrages

PARIS, Nov. 16.—The defeat of General Wrangel, whose South Russian government had been recognized by France, does not mean that France is ready to consider recognition of the Russian soviet government, it was said at the foreign office today.

The French government is pessimistic regarding any further military movements in Russia at present, it was indicated.

**REPRISAL THREATENED.**

CONSTANTINOPLE, Nov. 15.—(By the Associated Press.)—The French admiral of the Black Sea, Admiral Condoriotis, has threatened reprisals if the town were looted or the population molested.

The French government has threatened reprisals if the town were looted or the population molested.

Remarkable scenes have been witnessed in Sebastopol and Feodorovka. It is said M. Venizelos will leave the country and he has advised Liberals to abide by the verdict of the people.

Demetrios Gounaris, leader of the opposition, has declared that the policy of Greece will not be changed.

### WRECKED LEAVES

LONDON, Nov. 16.—General Baron Wrangel, whose army has been virtually wiped out by the Bolshevik offensive in the Crimea, left Sebastopol on a Russian cruiser filled with soldiers, says a Constantinople dispatch to the Exchange Telegraph company. The cruiser was accompanied by three transports carrying 20,000 troops and another carrying wounded men, the fleet sailing for an unknown port.

The United States destroyers Humphreys, Whipple and Edwards arrived at Constantinople with refugees yesterday.

Herbert Hoover, former federal food administrator, is expected to leave for the city.

### Report Shows Farmers Are Holding to Grain

CHICAGO, Nov. 16.—Every bushel of wheat of contracts grade in Chicago public elevators is Canadian grown, except 2,000 bushels, according to official figures made public here today. The total stock is only \$5,000 bushels, and of this amount \$4,000 bushels is Canadian. The supply decreased 136,000 bushels in the last week.

Lack of accumulation of stocks of wheat not only here, but at other western markets, is general, and in this connection the present small movement from the hands of farmers is attracting special attention.

### St. Paul Infielder Sold For \$15,000 to Giants

ST. PAUL, Minn., Nov. 16.—Joseph "Goldie" Rapp, infielder, has been sold by the St. Paul American association baseball club to the New York National club for \$15,000. The local club will receive a pitcher and an infielder as part payment. St. Paul purchased Rapp from the Cincinnati club last spring for \$10,000.

### Tremor Recorded on Chicago Seismograph

CHICAGO, Nov. 16.—An earthquake of moderate intensity was recorded early today on the seismograph at the University of Chicago. The vibrations started at 2:34 a. m., reached their greatest intensity at 2:51, and finally died away at 3:45 central time.

### UNION LEADERS IN CONFERENCE AT WASHINGTON

Organized Labor's Program For Year Being Framed At Meeting

### DEMAND RESTRICTION ON IMMIGRATION

Will Insist on Maintenance of Wages Upon 1914 Basis At Least

WASHINGTON, Nov. 16.—Industrial peace and related problems were discussed today at a conference between leaders of organized labor and Herbert Hoover, former federal food administrator and head of President Wilson's second industrial conference.

Mr. Hoover, who came to the conference of the executive council of the American Federation of Labor at the request of President Gompers, said he had made the transcontinental trip from San Francisco to discuss the whole industrial and employment situation.

**NO PROGRAM OFFERED.**

Mr. Hoover said he had no definite program to offer, but that he expected to "advise and discuss" with the labor leaders the question of immigration.

Differences appeared among members of the council as to the real purpose of Mr. Hoover's appearance. William E. Glavin, secretary of the United Mine Workers, said Mr. Hoover had come for a discussion of technical engineering questions, the nature of which he did not disclose.

### INDIANS ADMITTED

Federally officials indicated that Mr. Hoover would be asked to discuss means of reducing waste in production. This was understood to include discussion of the question from both the labor and management viewpoint.

Labor leaders, while admitting that there are evils in the labor situation causing some production waste, contend that many difficulties and controversies between labor and its employers have had their inception in inefficient subordinate plant officials.

The meeting was an executive one.

**PROGRAM OUTLINED.**

Organized labor's program for the coming year is being framed at the meetings of the executive council of the American Federation of Labor, which is now in session here.

Repeal of existing laws and opposition to proposed laws requiring compulsory arbitration of industrial disputes.

Opposition to laws restricting the right of workers to quit work.

Enactment of legislation placing drastic restrictions upon immigration from all parts of the world with the most rigid controls of that from central and southeastern Europe.

An intensive campaign of Americanization to counteract the influence of political theories not in harmony with the principles underlying the government of the United States.

### LABOR AND WAGES

Frank Morrison, secretary of the federation, declared that organized labor would insist that wages be maintained upon at least the level of 1914 with the allowance made for the decreased purchasing power of the dollar.

Mathew Woll, a vice president of the federation, declared that certain employers were interpreting the result of the recent election as a license to disregard the interests of labor, but he added that he felt confident that the American people ultimately would be found on the side of justice in any controversy.

### Ships to Take Part in Magellan Celebration

BUENOS AIRES, Nov. 12.—Argentina will send the battleship Rivadavia to Chile to participate in the Magellan celebration. At Valparaiso, she will then take on board a special Argentine embassy and sail for Punta Arenas.

VALPARAISO, Nov. 16.—Two United States warships, the Des Moines and Dolphin, in command of Rear Admiral Henry F. Gannett, have arrived here en route to Punta Arenas where they will participate in the Magellan celebration.

### Rockefeller's \$700,000 For Colorado Hospital

DENVER, Colo., Nov. 16.—The gift of \$700,000 to the University of Colorado for the construction of a medical school and hospital for the poor, by the general education board of the Rockefeller foundation, was announced last night by President George E. Sorlin, of the university.

### HONOR HARDING.

MARION, O., Nov. 16.—The high school board last night voted to change the name of the Marion high school to Harding high school in honor of President-elect Warren G. Harding.

### NEW BORN BABES AND MOTHERS TO GET ATTENTION

NEW YORK, Nov. 16.—Plans for creating public sentiment in favor of a bill to be submitted to the next session of congress providing for proper care of mothers and new born babies today occupied the attention of 200 women delegates to the first conference of the second region of the national league of women voters.

Mrs. Maude Wood Park, chairman of the league, said at least 20,000 mothers and babies die every month for want of proper care during maternity and infancy.

### POOR LO MADE GREED VICTIM, REPORT CLAIMS

Indians Subjected to Many Abuses, President of Association Declares

ST. LOUIS, Mo., Nov. 16.—Sweeping criticism of the administration of the office of Indian affairs, and charges that Indians have been subjected to various abuses, including unlawful seizure and leasing of property by agents of the government were made by Thomas L. Sloan, of Washington, D. C., president of the Society of American Indians, in his report at the opening session of the ninth annual organization here today.

The report also charged that legislation in the interest of the race was blocked in the last session of congress by the office of the commissioner of Indian affairs.

**MONTANA CASE CITED.**

Land belonging to Crow Indians in Montana has been leased by the reservation superintendent to a farming corporation, the report charges, and that of the Flat Indians, Indians "given to the use of a cattle company."

On the Pine Ridge Sioux reservation in South Dakota, it continued, a territory about forty miles long and twenty miles wide was thrown open by the policy and order of the commissioner or assistant commissioner of Indian affairs to the use of a cattle company.

### REDUCED TO POVERTY.

All of this land was owned by Indians, the report explains, and much of it is now in the hands of the government, according to this report.

Indians have been arrested and imprisoned by agency officials, the report alleges, despite the fact that there is no authority for such action.

It complains also that allotments have been held up.

### Huerta Likely Head For Oregon's Cabinet

MEXICO CITY, Nov. 16.—Adolfo de la Huerta, provisional president of Mexico, will head the cabinet to be chosen by General Alvaro Obregon when the latter assumes office as president of Mexico, says the Excelsior, which declares it has authentic information to that effect. Alberto J. Pani, the newspaper says, will be named secretary of the treasury and General P. Elias Calles will succeed himself as minister of war. General Obregon has thus far declined to comment on the make-up of his official family.

General Obregon, according to the constitution, will assume power at midnight, November 30, but whether he will take the oath that night or wait for the formal exercises the next morning is not known. General Obregon has been slightly indisposed and will go this week to Cuernavaca, a nearby resort, for a complete rest.

The provisional president suffered a recurrence of his attack of appendicitis yesterday while conferring with his cabinet and is confined to bed in Chapultepec castle. Physicians have not decided whether an operation will be necessary.

### DIPLOMAT RESIGNS.

THE HAGUE, Nov. 16.—J. T. Cramer, Dutch minister to the United States, has tendered his resignation to Queen Wilhelmina. His health is given as the reason for the resignation.

### CARDINAL IS ILL.

MILAN, Italy, Nov. 16.—Cardinal Andrea Carlo Ferrari, archbishop of Milan, is reported to be seriously ill. He was born in 1859 and was created a cardinal in 1914.

### DEMANDS PAY FIRST OR WON'T SEND CABLES

Long Standing Controversy Reaches Stage of Open Break

### WESTERN UNION TAKES STEP IN RETALIATION

State Department and Telegraph Company Engaged In Lively Row

WASHINGTON, Nov. 16.—(By the Associated Press.)—The long standing controversy between the state department and the Western Union Telegraph company has reached the stage of an open break, the company refusing to handle any further cable messages for the department except upon payment of tolls.

The company's order was issued on November 19, it was said today at the department, and ostensibly was to apply to all departments of the government. It was understood, however, that messages sent by other departments had been accepted informally from the ruling.

The Western Union company is said to have based its action on the delay by the department in making payments on cable messages previously handled. Department officials asserted today, however, that it was in their opinion a step in retaliation for the delay of the department to permit the landing of a cable at Miami, Fla., connecting at Barbados with a British cable from South America.

**STORY OF CONTROVERSY.**

Several months ago the Western Union applied for an executive permit to land the cable at Miami, but the state department was said to have demanded a copy of the contract between the Western Union and the British company owning the cable, connecting at Barbados with a British cable from South America.

Later a British cable ship, which had been chartered to lay the cable, was ordered to Miami, but American destroyers were sent to keep the British ship outside the three-mile limit.

Then William G. McAdoo, former secretary of the treasury, became counsel for the Western Union company and department officials say he delivered a copy of the contract to the department. It had been explained previously that the department before issuing the permit desired to determine whether the contract between the American and British companies would strengthen the cable monopoly held by the British company in South America.

### PERMISSION WITHHELD.

The permission to land the cable, still was withheld, it being explained officially that action was being deferred until after the meeting of the international communications conference now in session here, and which is considering the whole question of world communications.

A report reached the government last week that the Western Union was to make another attempt to land the cable and Secretary Daniels ordered the commandant of the naval station at Key West to take the necessary steps to prevent it. The Western Union company denied at the time that it intended to land the line. It was withheld this time, it was explained, because the government cable messages except upon payment of cash in advance was issued.

The Western Union company is said to have pointed out that the state department has not to have made any attempt for messages since March 1920. Department officials explained today that the company had been withheld because the company began to withhold the rebate of 50 per cent on cable messages.

The Western Union was said to have explained that because of wartime congestion the international clearing house in London was far behind in the payment of tolls to which the company was entitled for government messages and that no rebate to the government could be made until this balance had been paid by the clearing house.

Questions now before the international communications conference also are said by officials to be a part of the row between the Western Union and the state department. Negotiations begun by the American government to obtain one of the former German transatlantic cables now held by the British and thus give cable communications between the United States and Germany are said to have reached a successful termination.

### Japanese Are Making Big Gains in Hawaii

WASHINGTON, Nov. 16.—The Japanese population of Hawaii was announced today by the census bureau as 199,259 out of a total population of 255,212. The Japanese constitute 42.7 per cent of the 1920 population of the island.

The actual increase of Japanese on the island during the past decade was 29,594, or 37.1 per cent, as against a percentage gain of 10 per cent made during the ten years 1900-1910.
